PARTNERING WITH SCHOOLS

We believe that most students with autism spectrum disorders (ASD) can receive top quality education and treatment while remaining in their school districts if provided with the right tools. Achieve Consulting services can expand your staff’s understanding of ASD and appropriate supports to address the unique learning styles of these students.

Our goal is to offer exceptional consultation and training services to public school systems, private schools and agencies with a focus on building expertise to best serve children with ASD.

Our highly-trained and knowledgeable staff is educated and experienced in a wide variety of evidence-based treatment methods for individuals with autism. Each of the consultants has years of experience as classroom teachers/intervention specialists in public school systems.

Specialty Services

Customized Trainings

We offer a variety of customized trainings to address the specific needs of the district, classroom, or individual students that can be provided at your location. Topics have included social skills curriculum, communication strategies, data collection and analysis, visual supports, Positive Behavior Supports, Asperger’s and high functioning autism, and curriculum modifications.

New Program Development Consultation

We can assist your school district with the design, development, and implementation of a comprehensive, blended-method program for students with ASD. This dynamic approach includes team training, on-site coaching and team mentoring.

Consultation for Specific Areas of Assistance

We can help you meet the specific needs of an individual student in the following ways:

- Classroom observation
- Functional Behavioral Assessment
- Development of Behavior Intervention Plan (BIP)
- Assist classroom teams with Ziggurat and CAPS development and implementation
- Recommendations regarding environmental and curriculum modifications
- Social skills strategies and supports
- IEP development and monitoring
